

## RHEUMATOLOGY CONFERENCE 10-10-10 Dubai

The Emirates Society of Rheumatology (ESR) in conjunction with the producers of Arab Health are pleased to announce the third Rheumatology conference. This now independent event aims to bring cutting edge information about rheumatic diseases once more to the region. Rheumatoid arthritis and other connective tissue diseases are a leading cause of disability around the world. Through better management of these conditions by Rheumatologists, Orthopedic Doctors, Family doctors and Internists the burden of these diseases will be reduced for patients and their families.

Awards for presentations Best Investigator and Best Young Investigator in the field of Rheumatology will be given again at this year's conference. Abstracts will be considered from doctors and researchers in the region. Keeping with tradition, this unique conference will focus on small group sessions, workshops, hands-on training and bring a special emphasis on the most pressing problems facing the region.

[Dr. Humeira Badsha, Secretary, and Dr. Waleed Al Shehhi, President, Emirates Society of Rheumatology \(ESR\)](#)
