

SCIENTIFIC PROGRAM  
PRELIMINARY TIMETABLE (SUBJECT TO CHANGE)

**Thursday, November 17, 2011**

	<b>HALL A</b>
14:00	Registration Opens
15:00 -16:30	Workshop: AUTOIMMUNE DIAGNOSTICS BIORAD SYMPOSIUM
16:30-18:30	Plenary Session 1 – <b>Autoimmunity 2012</b>  Chairpersons: Pao – Hsii Feng, Singapore Kok – Yong Fong, Singapore C.S. Lau, China (President Elect ACA 2013)
16:30-16:50	The Enigma of Autoimmune Liver Diseases <b>Eric Gershwin, USA</b>
16:50-17:10	Tolerogenic DCs in Immune Tolerance <b>Ho-Youn Kim, Korea</b>
17:10-17:30	BAFF: What is New and How to Harness it <b>Pierre Youinou, France</b>
17:30-17:50	Complement & Autoimmunity <b>Roberto Perricone, Italy</b>
17:50-18:30	Selected abstract speakers
	Opening Session
18:30-19:15	The ASIA Syndrome (Autoimmunity Syndromes Induced by Adjuvants) <b>Yehuda Shoenfeld, Israel</b>
19:15-20:30	Opening Ceremony Snacks and beverages

**Friday, November 18, 2011**

**HALL A**

08:00-10:00

Plenary Session 2 – **Autoimmunity: Pathogenetic Mechanisms**

Chairpersons: Chen Shunle, China  
Takao Koike, Japan

08:00-08:20

Infections and Autoimmunity: The Cause of Ankylosing Spondylitis and Rheumatoid Arthritis Investigated by “Popper Sequence”

**Alan Ebringer, UK**

08:20-08:40

Neuropsychiatric Lupus Syndromes - Pathogenesis

**Kok-Yong Fong, Singapore**

08:40-09:00

ENU (N-ethyl-N-nitrosourea ) Mutagenesis and Novel Autoimmune Models

**Chris Goodnow, Australia**

09:00-09:20

Antiphospholipid Syndrome: Pathogenesis and Genetics

**Takao Koike, Japan**

09:20-09:40

Synovial Immunopathologic Study in Ankylosing Spondylitis and other Rheumatic Diseases

**Chung-Tei Chou, Taiwan**

09:40-10:00

Pregnancy & Autoimmunity

**Caterina De Carolis, Italy**

10:00-10:30

Coffee Break, Exhibition and Posters

10:30-12:30

Satellite symposium

## Friday, November 18, 2011 (con't)

<b>HALL A</b>	
12:30-14:00	Break, Exhibition and Posters
14:00-16:00	Plenary Session 3 - <b>The Mosaic of Autoimmunity</b>  Chairpersons: Luc Mouthon, France Kok – Yong Fong, Singapore
14:00-14:20	Antibodies Fighting Antibodies <b>Razzaque Ahmed, USA</b>
14:20-14:40	Smell & Autoimmunity <b>Carlo Perricone, Italy</b>
14:40-15:00	The Cytokine Orchestra: Is it the right target for Therapy in Autoimmune Diseases? <b>Yoga I. Kasjmir, Indonesia</b>
15:00-15:20	Innate Immune Receptors in NK Cells-Mediated Liver Diseases <b>Tian Zhigang, China</b>
15:20-15:40	Pathophysiology of Systemic Sclerosis <b>Luc Mouthon, France</b>
15:40-16:00	Selected abstract speakers
16:00-16:30	Coffee break, Exhibition and Posters
16:30-18:30	Free Communications Session I
16:30-16:40	Integration of Accreditation needs to Autoimmunity Testing in Core-Laboratories <b>Damien Gruson, Brussels</b>
16:40-16:50	The Biologics: where do we go from here <b>Stanley Naguwa, USA</b>
16:50-17:00	Autoantibodies in Domestic Animals – Lessons for the Autoimmunologist <b>Laurel Gershwin, USA</b>

**Saturday, November 19, 2011**

**HALL A**

08:00-10:00 Plenary Session 4 – **B Cells in Autoimmunity**

Chairpersons: Rohini Handa, India  
Tom Gordon, Australia

08:00-08:20 Development and Clinical Trials of Tolerating Immunotherapy for Rheumatoid Arthritis.

**Ranjeny Thomas, Australia**

08:20-08:40 Molecular Characterization of "Forbidden" B Cell Clones in Human systemic Autoimmunity

**Tom Gordon, Australia**

08:40-09:00 B Cell Depletion and Diabetes in Mouse Models

**Shane T. Grey, Australia**

09:00-09:20 B Cell Directed Therapies in SLE

**Sandra Navarra, Phillipines**

09:20-09:40 Sjogren's Syndrome: Recent Developments and Update 2011

**Rohini Handa, India**

09:40-10:00 Problems of Autoimmune Liver Disease in China

**Zhe-Xiong Lian, China**

10:00-10:30 **Coffee Break, Exhibition and Posters**

10:30-12:30 Plenary Session 5 – **IVIG – An Old, yet Novel Therapy for Autoimmune Diseases**

Chairperson: Zera Tellier, France  
Srini Kaveri, France

10:30-10:50 IVIG in Autoimmune and Inflammatory Diseases: Impact on the Cellular Compartment

**Srini Kaveri, France**

**Saturday, November 19, 2011 (con't)**

**HALL A**

10:50-11:10	Intravenous Immunoglobulins in Autoimmune Diseases <b>Luc Mouthon, France</b>
11:10-11:30	Harnessing IVIG (natural immunity) to Treat Autoimmune Diseases and Cancer <b>Yehuda Shoenfeld, Israel</b>
11:30-11:50	IVIG in Blistering Autoimmune Skin Diseases <b>Razzaque Ahmed, USA</b>
11:50-12:30	Selected abstract speakers
12:30-14:00	<b>Break, Exhibition and Posters</b>
14:00-16:00	Plenary Session 6 – <b>Innate immunity, vitamin D and autoimmune diseases</b>  <i>Supported by an Educational Grant from Autoimmunity Research Foundation</i>
14:00-14:20	Why vitamin D is more Effective in Early Stage Disease than in Late-Stage Disease <b>Trevor Marshall, Australia</b>
14:20-14:40	Innate Immunity and Autoimmune Diseases <b>C.S. Lau, China</b>
14:40-15:00	Redefining Psychiatric and Neurologic Comorbidities as Systemic Dysfunction <b>Roswitha Goetze-Pelka, UK</b>
15:00-15:20	Premature Atherosclerosis for Rheumatic Diseases <b>Lai Shan Tam, China</b>

**Saturday, November 19, 2011 (con't)**

**HALL A**

15:20-15:40 Vitamin D, Disease Activity and Vascular Health in Systemic Lupus Erythematosus

**Chiu Chiu Mok, Hong Kong**

15:40-16:00 Infection and Autoimmunity

**Laniyati Hamijoyo, Indonesia**

16:00-16:30 **Coffee Break, Exhibition and Posters**

16:30-18:30 Free Communications Session II
